***Reasons for Allowance***

The reasons for allowance commented upon by the applicant in the interview summary sheet dated 12/09/2006 are all valid, with the exception of the 5<sup>th</sup> paragraph which reads: "Additionally, the instant invention includes a *drain circuit* to remove residual charge from the same nodes, when said nodes are not currently being charged by the controlled voltage source." A "drain circuit" is not a limitation of either of the applicant's independent claims.
